

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application; please amend the claims as follows:

1. (Withdrawn - Currently Amended) A method for protecting industrial materials from attack and/or destruction by insects comprising:

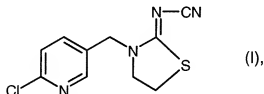

applying ~~a the~~ composition according to Claim 3 ~~comprising an insecticidally effective amount of an active compound according to formula (I)~~

~~its metal salts, or acid addition compounds~~ to an industrial material ~~for which insecticidal protection is desired.~~

2. (Withdrawn - Currently Amended) The method according to Claim 1, wherein the industrial material[[s]] comprises wood, wood composites, timber products and/or plastics.
3. (Currently Amended) A composition ~~for protecting industrial materials from attack and/or destruction by insects~~ comprising:

an insecticidally active compound according to formula (I)[[:]]

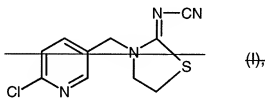

it's-metal salts thereof, and/or acid addition compounds thereof; and

at least one of a quaternary ammonium compound and/or a boron compound; and

at least one of a solvent and/or a diluent.

4. (Cancelled)
5. (Currently Amended) The composition according to Claim 3, further comprising: an additional compound comprising a fungicide[[s]] and/or an insecticide[[s]].
6. (Currently Amended) The composition of Claim 3, wherein the ~~insecticidal~~ insecticidally active compound according to formula (I) is present ~~in the composition~~ in an amount ranging from 50 to 100% by weight based on the weight of the composition.
- 7.-9. (Cancelled)
10. (Withdrawn - Currently Amended) The method according to Claim 1, wherein ~~formula 1~~ the composition is applied to the industrial material in an amount ~~such~~ so that the industrial material comprises the insecticidally active compound of formula (I) in an amount ranging from 0.00001 to 20 percent by weight based on the weight of the industrial material ~~to be protected~~.
11. (Withdrawn - Currently Amended) The method ~~according to~~ of Claim 10, wherein the amount of ~~formula 1~~ the composition is applied to the industrial material in an amount ~~such so~~ so that the industrial material comprises the insecticidally active compound of formula (I) in an amount ranging from 0.0005 to 0.1 percent by weight based on the weight of the industrial material ~~to be protected~~.

12. (Withdrawn - Currently Amended) The method according to ef-Claim 1, wherein the amount of the insecticidally active compound of formula (I) is present in an amount ranging the composition ranges from 50 to 100 percent by weight based on the total weight of the composition.
13. (Withdrawn - Currently Amended) An industrial material comprising the composition according to Claim 3 ~~an insecticidal composition comprising an insecticidally active compound according to formula (I):~~

~~it's metal salts, and/or acid addition compounds.~~

14. (Withdrawn - Currently Amended) The industrial material according to ef-Claim 13, wherein the industrial material comprises wood, wood composites, timber products, and/or plastics.
15. (Withdrawn - Currently Amended) The industrial material according to ef-Claim 13, wherein the insecticidally active compound of formula (I) is present in an amount of ~~comprising~~ from 0.00001 to 20 percent by weight ~~of the insecticidally active compound~~ based on the weight of the industrial material.
16. (Withdrawn - Currently Amended) The material according to ef-Claim 13, wherein the amount of the insecticidally active compound of formula (I) present in the composition ranges from 50 to 100 percent by weight based on the total weight of the composition.

17. (Withdrawn - Currently Amended) The industrial material according to ~~of~~ Claim 13, wherein the composition comprises one or more additional compounds comprising a fungicide and/or an insecticide.
18. (Withdrawn - Currently Amended) The method ~~of~~ according to Claim 1, wherein the composition further comprises additional compounds comprising a fungicide[[s]] and/or an insecticide[[s]].
19. (Withdrawn - Currently Amended) The method according to ~~of~~ Claim 18, wherein the composition comprises ~~a the insecticidally active compound of formula (I)~~ compound according to formula (I) in an amount ranging from 50 to 100 percent by weight based on the total weight of the composition.
20. (Cancelled)
21. (NEW) The composition according to Claim 3, wherein said boron compound is selected from the group consisting of a boric acid, a boric ester, borax, and combinations thereof.
22. (NEW) The composition according to Claim 3, wherein said quaternary ammonium compound is selected from the group consisting of benzalkonium chloride, benzyldimethyltetradecylammonium chloride, benzyldimethyldodecylammonium chloride, dichlorobenzyldimethylalkylammonium chloride, didcyldimethylammonium chloride, dioctyldimethylammonium chloride, N-hexadecyltrimethylammonium chloride, didecylmethylpoly(oxyethyl)ammonium propionate, and combinations thereof.
